About Rick Junius Independent Advisor

Rick Junius is a licensed and certified Long Term Care Advisor. As an independent agent with ACSIA Partners, Rick represents the major long term care insurance carriers and provides long term care education to consumers and businesses. Rick's primary goal is to help his clients maintain their independence, protect their assets and bring them appropriate long term care financing solutions when faced with the daunting challenge of navigating the healthcare landscape.

Rick developed his passion for this discipline through personal experiences. His father and mother became severely ill when he was very young. The devastating costs and emotional burden their long term care needs caused have contributed to Rick's commitment to educating people about the importance of planning for their long term care needs.

Before joining ACSIA Partners Rick was CEO/President of a privately held real estate investment firm. Rick also spent over 25 years in leadership roles with Bank of America, Wells Fargo, PriceWaterhouseCoopers, Thompson Reuters and Adecco NA. Rick began his career with International Business Machines (IBM).

Rick is a contributor to several charities including the American Red Cross and the Multiple Sclerosis Society. He received his Bachelor of Science in Commerce from DePaul University in Chicago, Illinois. Rick and his family currently reside in Portland, OR but he began his practice on the island of Oahu in Hawaii over 10 years ago.
